SLC440COM Compact Safety Light Curtains

Features
- Rugged closed housing profile
- Protection height runs full length
- Output status LED endcap

Overview
The SLC440COM Series is a version of the SLC440 Type 4 safety light curtains and grids designed without the 7 segment display or many of the integrated functions, offering only automatic and re-start modes. This series offers a cost effective option to machine builders and manufacturing facilities to select an appropriate safety light curtain for an application that may not need the functions integrated in the standard SLC440 series.

A major benefit of the SLC440COM is the zero dead space design which provides customers with a full protected height for the entire length of the light curtain. This is ideal for applications with space limitations or that require full length protection.

Operating status is clear and can be seen from a distance. The end cap of the receiver unit is molded from a semitransparent plastic that is illuminated by LED. It shows green for proper operation and red for a fault.

The SLC440COM series features a one-piece extruded reinforced housing in a compact 28 mm x 33 mm rectangular profile. This housing profile has proven to be less susceptible to mechanical damage and misalignment from torsion or bending.

SLC440COM Safety light curtains are used for the protection of hazardous areas, and are available with resolutions of 14, 30, or 35 mm and protection field heights between 330 and 1930 mm. They are also available for perimeter guarding as safety light grids (SLG440COM) with 2, 3, or 4 beams. The series is suited for use in safety circuits up to PLe (EN 13849) or SIL3 (IEC 61508).

Applications
- Power-driven machines
- Power presses for the metal and plastics industry
- Folding or brake presses
- Filter presses
- Punching machines
- Robot cells
- Welding booths
- Printing machines
- Injection molding
- Materials handling
- Palletizers
- Packaging equipment

Ordering Details
SLC440COM-ER①-②
① Protection Height: (mm)
0330 0410 0490 0570
0650 0730 0810 0890
0970 1050 1130 1210
1290 1370 1450 1530*
1610* 1690* 1770* 1850**
1930**
② Resolution: (mm)
14 with range: 0.3 m to 7 m (± 6 m)
30 with range: 0.3 m to 10 m
35 with range: 0.3 m to 7 m (± 6 m)
Mounting hardware included

Accessories
Connector cables
For emitter, and receiver in Automatic Reset
M12, 4 pole connector
KA-0804 5 m cable
KA-0805 10 m cable
KA-0808 20 m cable
For receiver in Manual Reset:
M12, 5 pole connector
101209949 5 m cable
101209948 15 m cable
Mounting
MS-1100 Mounting kit
MS-1110 Center support
MSD5 Spacers
Deflection mirrors
ULS-M-0200 200 mm height
ULS-M-0350 350 mm height
ULS-M-0500 500 mm height
ULS-M-0650 650 mm height
